## THE BOARD OF HEALTH.

ROUTINE BUSINESS TRANSACTED

AT YESTERDAY'S MEETING.

Dr. Lindley Gets Double Pay as Physi-

cian for North and South

Kona Districts.

The Board of Health met at the

usual hour yesterday afternoon,

the important business came

up.

Father Conradi was granted

permission to leave M. Lokai set-

tlement, providing his baggage

was fumigated first.

Two additional scows, to be used

in connection with the odorless

excavator, were ordered purchased.

The one previously ordered was

reported ready for use.

A letter was received from the

U. S. Quarantine Agent at Angel

Island, stating that the freight

from San Francisco to this port

by the China had been properly

fumigated according to United

States laws.

In answer to a communication

from Dr. Lindley of Kona, the

Clerk of the Board was instructed

to notify him to act as govern-

ment physician for both North

and South Kona districts, until a

physician for the latter was ap-

pointed. The doctor will draw

pay for both districts as long as

they are in his charge.

Dr. J. H. Raymond communi-

cated his acceptance of the posi-

tion of Government physician at

Wailuku.

President Hosmer of Oahu

College was refused permission to

discontinue the use of boiled

water at that institution.

The application of Mrs. S. J.

Hutchinson to go to Maui was re-

fused.

On the representation of Health

Officer Reynolds that the fumig-

ating restrictions were being

evaded, it was decided to discon-

tinue any and all restrictions on

passenger travel to the other is-

lands.

In the matter of tenancing the

houses overhanging the Nuuanu

stream, Dr. Emerson reported for

the special committee and it was

decided to allow the tenants to

remain provided the pipes in the

overhanging parts be cut off and

proper sanitary arrangements

made.

Medical Inspector Wayson re-

"Was there much talk about

the proposed restoration of royal-

ty with Princess Kaiulani when

you were leaving?" was then asked.

"For some time past the royal-

ists, annexationists and every-

body else have been a unit polit-

ically. The only question at is-

ssue was to get rid of the cholera.

No, there has been no such talk.

I should have known something

of it had there been. I was speak-

ing with the President and Min-

ister of Foreign Affairs an hour

and a half before sailing and

nothing of the sort was spoken of

up to that time."

REMY-WEIGHT PUGILISTS.

Miller and Sharkey Matched to Box

at the Colma Athletic Club.

Tom Sharkey, whose admirers

are wont to call him the "demon

of the navy" and the "pugilist

of the sea," and big Miller of the

San Francisco Athletic Club, are

matched to give a boxing exhibi-

tion with the same size of gloves

as used in Olympic and Reliance

Athletic Club contests, at Colma,

on the evening of December 7.

Miller will train for this contest

with a member of the San Fran-

cisco Athletic Club, who is

matched to box a representative

of the Olympic Club on the 15th

inst. Sharkey has heretofore re-

fused to meet boxers who he

thought were a little bit danger-

ous to tackle.

Miller is comparatively an ama-

teur boxer, but pugilists who are

considered good judges of a

boxer's ability contend that Miller

will whip Sharkey in quick order.

The San Francisco Athletic Club

champion will weigh 195 pounds,

and he is considered quite clever

by his friends.

Sharkey has left the navy, his

time on the Philadelphia having

expired; and will hereafter devote

his whole time to the practice of

his "profession."

HIGH SCHOOL DEDICATION.

Blunder in Announcing the Time for

the Exercises.

This morning's Advertiser al-

most gave the faculty of the High

school nervous prostration. It

invited everybody and his aunt to

attend the dedicatory exercises at

the High School this afternoon,

while the school authorities had

fixed 3 o'clock tomorrow (Friday)

## IN THE SUPREME COURT.

HAWAIIAN LODGE WINS AN IM-

PORTANT SUIT.

And a New Trial is Ordered—The

Hawaiian Lien Law Construed

at Length.

In the celebrated assumption case

of Allen & Robinson vs. F. H.

Redward and Hawaiian Lodge of

Free & Accepted Masons, the Su-

preme Court, constituted by Jus-

tices Bickerton and Frear and W.

R. Castle, has rendered an opinion

and judgment against defendant

Redward, but as against the lodge

a new trial is ordered.

The opinion was written by

Justice Frear and concurred in by

the others. It construes the pres-

ent lien law and will therefore be

of much interest to contractors

and mechanics. The judgment

was for over \$3200 against

the lodge, which judgment is now

upset, except as against the de-

fendant Redward who, has noth-

ing.

The decision had to be sent to

Washington to receive Mr. Castle's

signature.

The syllabus reads as follows:

Findings of fact by the trial

court, jury waived, like the find-

ings of a jury, cannot be set aside

if there is sufficient evidence to

support them.

Payments made under a build-

ing contract by the owner to a

materialman upon the order of

the contractor, may by agreement

between the contractor and ma-

terialman, and in the absence of

any other agreement with the

owner, be applied first to cash

advanced by the materialman for

labor, and then to materials fur-

nished.

The lien provided by statute in

favor of a subcontractor or ma-

terialman is not limited to the

amount payable under the origi-

nal contract to the principal con-

tractor.

An abandonment of the work

by the contractor after payment

in full for the proportion of work

then done, is not a bar to the en-

forcement of a lien for materials

furnished by a subcontractor be-

fore the abandonment.

An agreement of the contractor

to give sufficient evidence that

the premises are free from liens

and to indemnify the owner for
